Commissioner for Patents

Upon review of Applicants' appeal by the Board of Patent Appeals and Interferences ("Board"), the Board determined that the instant appeal brief is deficient because in the "Summary of Claimed Subject Matter" the pending independent claims are not mapped to the specification as described in 37 CFR §41.37(c)(1)(v)(2005). Upon a new review of the IDS submitted on September 27, 1999 it was determined that Soviet Union Abstract No. 628930 has not been provided, as it is not available in the IFW (Image File Wrapper). If Applicants' would like this non-patent literature reference considered on the official record, it is respectfully requested that Applicants resubmit Soviet Union Abstract No. 628930.
